Career Objective

ECE Diploma graduate skilled in HTML, CSS, JavaScript, Python, and MySQL, seeking an entry-level role to apply technical skills, develop real-world software solutions, and contribute to innovative projects while continuously enhancing professional growth.

Education

Diploma, VMR Polytechnic 74%	2016-2019 Warangal
Class 10, ZPPHS 87%	2015-2016 Warangal

Internship / Training

Academy for Careers in Technology - by Freshworks Aug 2025 - Current

Responsibilities / Learning:

- Front-End Development / Back-End Development / Full-Stack Web Development

Bharat Sanchar Nigam Limited (BSNL) Nov 2018 – May 2019

Responsibilities / Learning:

- Developed a strong understanding of system workflows, technical processes, and real-world operational environments.
- Enhanced analytical thinking and problem-solving skills through observation of live telecom systems and troubleshooting practices.
- Gained hands-on exposure to networking concepts, communication systems, and technical infrastructure management.

Skills

- | | |
|---|--|
| • Front-End Skills: HTML, CSS, Bootstrap | • Frameworks and Tools: VS Code, MySQL |
| • Programming Languages: Python, JavaScript | Workbench 8.0 CE |
| • Database: SQL | • Soft Skills: Teamwork, Leadership, Problem-Solving |

Projects / Practical Work

Citizen Report Central (Web Project) (<https://vikrammaduri95-sudo.github.io/RURAL-GOVERNANCE-PROJECT/>)

- Built a Full-Stack web application for reporting and tracking local civic issues such as waste management and road damage in real time. Designed an intuitive user experience with efficient Back-End systems to ensure seamless data handling and scalable performance
Technologies: HTML, CSS, JavaScript, Python, SQL,
Tools: VS code, MySQL Work Bench

Snake and Scorpion Bite Detection Using AI (<https://vikrammaduri.weebly.com/ai-models.html>)

- Built an AI-based model concept to identify snake and scorpion bites to support faster medical response and awareness.

Zoom Ride (<https://vikrammaduri95-sudo.github.io/zoomride/>)

- Showcases responsive design and an engaging user interface with Generative AI integration for enhanced productivity and rapid prototyping.

Certifications

Introduction to HTML Simplilearn, 2025	Introduction to CSS Simplilearn, 2025	JavaScript for Beginners Simplilearn, 2025
Public Speaking Simplilearn, 2026	Spoken English Simplilearn, 2026	Communication Skills Course simplilearn, 2025

Achievements

Secured 2nd Place in VIBA (TSIC) conducted by the Telangana State Innovation Cell (TSIC), Government of Telangana (2022). <i>Telangana State Innovation Cell (TSIC), Government of Telangana</i>	2022
Secured 2nd Place in Group Discussion at the ACT Showcase Event conducted by Edunet Foundation (2025). <i>Edunet Foundation</i>	2025
Secured 3rd Rank in the Green Hackathon conducted by NI-MSME, Hyderabad (2022). <i>National Institute for Micro, Small and Medium Enterprises (NI-MSME), Hyderabad</i>	2022
Secured 1st Place in the Inter-College Volleyball Tournament conducted by VMR Polytechnic (2019). <i>VMR Polytechnic</i>	2019
